Hiring Manager

8990 Housing Development Corporation

Cabanatuan City, Nueva Ecija

Subject: Application for MIS/IT STAFF Position

Dear Hiring Manager,

I am writing to you concerning to your post for MIS/IT staff position at 8990 Housing Development Corporation Cabanatuan City, Nueva Ecija. Currently, I am studying Bachelor of Science in Information Technology at PHINMA Araullo University-South and I am very much interested to use my knowledge and my skills in a professional IT environment.

Throughout my studies, I have been able to acquire basic knowledge on programming, computer system and digital tools. Moreover, I have been involved in school projects which require teamwork, problem-solving, communication and a to details. These have given me the confidence to be better at my work and to work with others. I also consider myself as responsible and have good communication and teamwork skills.

I would want to have this opportunity to apply what I have learned in school while at the same time, gaining valuable work experience in a professional environment. I believe my skills and positive attitude along with my willingness to learn can make a great contribution to your organization. I am also open-minded and willing to accept corrections and criticisms to improve my skills and to take up responsibilities.

Thank you for reading my application letter. I would appreciate it if you could consider my application and give me an opportunity to prove that my skills, positive attitude and willingness to learn can be of great value to your organization.

Sincerely,
NIÑA MORALES

- Willing to learn and work in a team

JOB/EMPLOYER REFERENCE

Position: **MIS/IT Staff**

Company: **8990 Housing Development Corporation**

Location: **Cabanatuan City, Nueva Ecija**

Salary: **₱15,000 - ₱20,000 per month**

Source: **JobStreet**

Date Accessed: **September 22,2026**

PROCESS AND INTEGRITY NOTE;

I created my professional application portfolio for an MIS/IT Staff position at 8990 Housing Development Corporation that I found on JobStreet. I chose this job offer because it specifies the information regarding the position, company, location, and salary. At the same time, I managed to learn more about the company by researching the details provided in the offer. I used the information provided in the job offer to prepare my resume, cover letter, and job reference.

I used an AI as an assistant to help me organize the information, perfect the language used, and format the document correctly and also I used Google to find references and examples of the proper format for a resume, cover letter, job/employer reference, and process and integrity note. However, I proofread and edited the final version of the paper to ensure that the content accurately reflects my educational background, skills, and work experience. In addition, I made sure that the information in my application portfolio is up-to-date and does not contain any fabrication or misinformation.

Moreover, I took great care to ensure that my application portfolio does not contain any private or sensitive information. In this respect, I removed any identifying or confidential details (passwords, codes, or financial information) that might have appeared in the documents by mistake. Lastly, I ensured that the layout of the application portfolio is not cluttered and that the information is easy to follow and organized logically. Before submitting the portfolio, I reviewed and edited the documents to check for possible grammatical errors, formatting issues, and other problem.
